GUYANA

Secretary General,

TENDER LAUNCH FOR THE SUPPLY OF THE ADVANCED PASSENGER INFORMATION SYSTEM (APIS) ICT HARDWARE ITEMS

In reference to our previous letter dated August 14th 2017 to request placing the APIS hardware contract notice and tender dossier on the CARICOM Secretariat's website and your affirmative response dated August 15th 2017, the CARICOM Implementation Agency for Crime and security (IMPACS) is pleased to provide you with the tender dossier to launch the 10th European Development Fund (EDF) Tender for the upgrade of Information Communications Technology (ICT) infrastructure for the Advanced Passenger Information System (APIS).

In keeping with the rules of the European Union, the publication of the contract notice is required to be a minimum of thirty (30) days before the deadline for the receipt of tenders. Thus we seek your assistance to have the tender available on your website no later than Wednesday 20th September 2017. Do note that the deadline for submission of tenders is Friday 20th October 2017 at 16:00hrs.

We look forward to receiving confirmation indicating that the dossier is available on your website and the URL link by which the documents may be accessed. The Agency again wishes to sincerely thank you for the support of the CARICOM Secretariat.

Sincerely,

EXECUTIVE DIRECTOR
