If the CARICOM Secretariat chooses to challenge and defend itself against the claim(s), the Contractor shall bear the reasonable costs of defense incurred by the CARICOM Secretariat, its agents and employees.

Under these general conditions, the agents and employees of the CARICOM Secretariat, as well as the Contractor's staff, its subcontractors and any person for which the Contractor is answerable are considered to be third parties.

The insurers shall deliver this information as quickly as possible, and in any event at least thirty (30) days before the reduction, cancellation or alteration of the cover is effective. The CARICOM Secretariat reserves the right to indemnify the insurer in case the Contractor fails to pay the premium, without prejudice to the CARICOM Secretariat's right to recover the amount of the premium it paid, and to subsequently seek compensation for its possible resulting damage.

Whenever possible, the Contractor shall ensure that the subscribed insurance contracts contain a waiver of recourse in favor of the CARICOM Secretariat, its agents and employees.

The purchase of adequate insurances by the Contractor shall in no case exempt it from its statutory and/or contractual liabilities.

The Contractor shall fully bear the consequences of a total or partial lack of coverage, and to the full discharge of the CARICOM Secretariat.

The Contractor shall ensure that its staff, its subcontractors and any person for whom the Contractor is answerable comply with the same insurance requirements imposed to it under this contract. In case of default of insurance or inadequate insurance of its staff, its subcontractors or any person for which the Contractor is answerable, the Contractor shall indemnify the CARICOM Secretariat from all consequences resulting therefrom.

- 13.3. The approval of the programme by the Project Manager shall not relieve the Contractor of any of its obligations under the contract.
- 13.4. No material alteration to the programme shall be made without the approval of the Project Manager. Any Contractor's drawings, documents, samples or models which the Project Manager refuses to approve shall be modified to meet the requirements of the Project Manager and resubmitted by the Contractor for approval. Within 15 days of being notified of the Project Manager's remarks, the Contractor shall make the requisite corrections, adjustments etc. to the documents, drawings etc. The corrected or adjusted documents, drawings etc. shall be resubmitted for the Project Manager's approval under the same procedure.
- 14.4. The Contractor shall supply additional copies of approved drawings in the form and numbers stated in the contract or in subsequent administrative orders.

- 14.7. Before provisional acceptance of the supplies, the Contractor shall supply operation and maintenance manuals together with drawings, which shall be in such detail, as will enable the CARICOM Secretariat to operate, maintain, adjust and repair all parts of the supplies. Unless otherwise stated in the Special Conditions, the manuals and drawings shall be in the language of the contract and in such forms and numbers as stated in the contract. The supplies shall not be considered completed for the purpose of provisional acceptance until such manuals and drawings have been supplied to the CARICOM Secretariat.

## **Article 15 - Sufficiency of tender prices**

- 15.1. Subject to any additional provisions which may be laid down in the Special Conditions, the Contractor shall be deemed to have satisfied itself before submitting its tender as to the correctness and sufficiency of the tender and to have taken account of all that is required for the full and proper implementation of the tasks and to have included in its rates and prices all costs related to the supplies, in particular:
  - a) the costs of transport;

- h) training of the CARICOM Secretariat's personnel, at the Contractor's factory and/or elsewhere as specified in the contract.

15.2. ### **IMPLEMENTATION OF THE TASKS AND DELAYS**

#### **Article 18 - Commencement order**

- 18.1. Subject to the Special Conditions, the CARICOM Secretariat shall fix the date on which implementation of the tasks is to commence and advise the Contractor thereof either in the notification of award of the contract or by administrative order.
- 18.2. Save where the Parties agree otherwise, implementation of the tasks shall begin no later than 90 days following notification of award of contract. Unless this delay results from the Contractor default, after that date the Contractor shall be entitled not to implement the contract and to obtain its termination and/or compensation for the damage it has suffered. The Contractor shall forfeit this right unless it exercises it within 30 days of the expiry of the 90-day period.

#### **Article 19 - Period of implementation of the tasks**

19.1. The period of implementation of tasks shall commence on the date fixed in accordance with Article 18 and shall be as laid down in the Special Conditions, without prejudice to extensions of the period which may be granted under Article 20.

- 19.2. If provision is made for distinct periods of implementation of the tasks for separate lots, in cases where one Contractor is awarded more than one lot per contract, the periods of implementation of the tasks for the separate lots shall not be accumulated.

## **Article 20 - Extension of period of implementation of the tasks**

- 20.1. The Contractor may request an extension to the period of implementation of the tasks if it is or will be delayed in completing the contract by any of the following reasons:
- a) exceptional weather conditions in any beneficiary country of the CARICOM Secretariat, which may affect installation or erection of the supplies;
  - b) artificial obstructions or physical conditions which may affect delivery of the supplies, which could not reasonably have been foreseen by an experienced contractor;
  - c) administrative orders affecting the date of completion other than those arising from the Contractor's default;
  - d) failure of the CARICOM Secretariat to fulfill its obligations under the Contract;
  - e) any suspension of the delivery and/or installation of the supplies, which is not due to the Contractor's default;
  - f) force majeure;
  - g) extra or additional supplies ordered by the CARICOM Secretariat;
  - h) any other causes referred to in these General Conditions which are not due to the Contractor's default.
- 20.2. If the Contractor considers himself to be entitled to any extension of the period of implementation under the Contract, the Contractor shall
- a) give notice to the Project Manager of its intention to make such a request no later than 15 days after the Contractor became aware, or should have become aware of the event or circumstance giving rise to the request.
  - b) if the Contractor fails to give notice of a request for extension of the period of implementation within such period of 15 days, the period of implementation shall not be extended and the CARICOM Secretariat shall be discharged from all liability in connection with the request; and
  - c) submit to the Project Manager full and detailed particulars of the request, within 30 days from the above notification unless otherwise agreed between the Contractor and the Supervisor, in order that such request may be investigated at the time.
- 20.3. Within 30 days from the receipt of the Contractor's detailed particulars of the request, the Project Manager shall in agreement with the CARICOM Secretariat, by notice to the Contractor, grant such extension of the period of implementation of the tasks as may be justified, either prospectively or retrospectively, or inform the Contractor that it is not entitled to an extension.

## **Article 21 - Delays in implementation of the tasks**

- 21.1. If the Contractor fails to deliver any or all of the goods or perform the services within the period of implementation of the tasks specified in the Contract, the CARICOM Secretariat shall, without formal notice and without prejudice to its other remedies under the Contract, be entitled to liquidated damages for every day, or part thereof, which shall elapse between the end of the period of implementation of the tasks, or extended period

of implementation of the tasks under article 20, and the actual date of completion. The daily rate of liquidated damages is 5/1000 of the value of the undelivered supplies to a maximum of 15% of the total contract price.

- 21.2. If the non-delivery of any of the goods prevents the normal use of the supplies as a whole, the liquidated damages provided for in Article 21.1 shall be calculated on the basis of the total contract price.
- 21.3. If the CARICOM Secretariat has become entitled to claim at least 15% of the total contract price it may, after giving notice to the Contractor:
- ☐ seize the performance guarantee; and/or
  - ☐ terminate the Contract,
  - ☐ enter into a contract with a third party for the provision of the balance of the supplies at the Contractor's cost.

## **Article 22 - Amendments**

- 22.1. Contract amendments must be formalised by a contract addendum signed by both parties or by an administrative order issued by the Project Manager or the CARICOM Secretariat. Substantial amendments to the contract, including amendments to the total contract price, must be made by means of an addendum. Any contractual amendments must respect the general principles defined in the GPM.
- 22.2. Subject to the limits of the procedure thresholds set in the GPM, the CARICOM Secretariat reserves the right to vary by an administrative order the quantities by +/- 100 % at the time of contracting and during the validity of the Contract. The total value of the supplies may not rise or fall as a result of the variation by more than 25% of the tender price. The unit prices quoted in the tender shall be applicable to the quantities procured under the variation.
- 22.3. The Project Manager and the CARICOM Secretariat shall have the power to order any amendment to any part of the supplies necessary for the proper completion and/or functioning of the supplies. Such amendments by administrative order may include additions, omissions, substitutions, changes in quality, quantity, form, character, kind, as well as in drawings, designs or specifications where the supplies are to be specifically manufactured for the CARICOM Secretariat, in method of shipment or packing, place of delivery, and in the specified sequence, method or timing of implementation of the tasks. No administrative order shall have the effect of invalidating the contract, but the financial effect, if any, of all such amendments shall be valued in accordance with Article 22.7.
- 22.4. All administrative orders shall be issued in writing, it being understood that:
- a) if, for any reason, the Project Manager or the Contracting Authority finds it necessary to give an order orally, it shall as soon as possible thereafter confirm the order by an administrative order;
  - b) if the Contractor confirms in writing an oral order given for the purpose of Article 22.4.a and the confirmation is not contradicted in writing forthwith by the Project Manager or the Contracting Authority, the Project Manager or the Contracting Authority shall be deemed to have issued an administrative order;
  - c) no administrative order is required to increase or decrease the quantity of any incidental siting or installation because the estimates in the budget breakdown were too high or too low.

- 22.5. Save where Article 22.4 provides otherwise, prior to issuing an administrative order, the Project Manager or the CARICOM Secretariat shall notify the Contractor of the nature and form of such amendment. The Contractor shall then, without delay, submit to the Project Manager a written proposal containing:
- ☐ a description of the tasks, if any, to be performed or the measures to be taken and a programme of implementation of the tasks;
  - ☐ any necessary amendments to the programme of implementation of the tasks or to any of the Contractor's obligations resulting from this contract; and
  - ☐ any adjustment to the total contract price in accordance with the rules set out in Article 22.
- 22.6. Following the receipt of the Contractor's submission referred to in Article 22.5, the Project Manager shall, after due consultation with the CARICOM Secretariat and, where appropriate, the Contractor, decide without delay whether or not to accept the amendment. If the Project Manager accepts the amendment, it shall notify the Contractor through an administrative order stating that the Contractor shall carry out the amendment at the prices and under the conditions given in the Contractor's submission referred to in Article 22.5 or as modified by the Project Manager in accordance with Article 22.7.
- 22.7. The prices for all amendments ordered by the Project Manager or the CARICOM Secretariat in accordance with Articles 22.4 and 22.6 shall be ascertained in accordance with the following principles:
- ☐ where the task is of similar character and implemented under similar conditions as an item priced in the budget breakdown, it shall be valued at such rates and prices contained therein;
  - ☐ where the task is not of a similar character or is not implemented under similar conditions, the rates and prices in the contract shall be used as the basis for valuation as far as is reasonable, failing which the Project Manager shall make a fair valuation;
  - ☐ if the nature or amount of any amendment relative to the nature or amount of the whole contract or to any part thereof is such that, in the opinion of the Project Manager, any rate or price contained in the contract for any item of work is, by reason of such amendment, rendered unreasonable, the Project Manager shall fix such rate or price as he thinks reasonable and proper in the circumstances;
  - ☐ where an amendment is required by a default or breach of contract by the Contractor, any additional cost attributable to such amendment shall be borne by the Contractor.
- 22.8. On receipt of the administrative order, the Contractor shall carry out the requested amendment according to the following principles:
- a) The Contractor shall be bound by these General Conditions as if the amendment requested by administrative order were stated in the contract.
  - b) The Contractor shall not delay the execution of the administrative order pending the granting of any extension of time for completion or adjustment to the total contract price.
  - c) Where the administrative order precedes the adjustment to the total contract price, the Contractor shall keep records of the costs of undertaking the amendment and of the time expended thereon. Such records shall be open to inspection by the Project Manager at all reasonable times.

- 22.9. The Contractor shall notify the CARICOM Secretariat of any change of bank account, using the form in Annex V. The CARICOM Secretariat shall have the right to oppose the Contractor's change of bank account.

## **Article 23 - Suspension**

- 23.1. The Contractor shall, on the order of the CARICOM Secretariat, suspend the execution of the contract or any part thereof for such time or times and in such manner as the CARICOM Secretariat may consider necessary. The suspension shall take effect on the day the Contractor receives the order or at a later date when the order so provides.
- 23.2. Suspension in the event of presumed substantial errors or irregularities or fraud:
- The Contract may be suspended in order to verify whether presumed substantial errors or irregularities or fraud occurred during the award procedure or the performance of the contract. If these are not confirmed, performance of the contract shall resume as soon as possible.
- 23.3. During the period of suspension, the Contractor shall protect and secure the supplies affected at the Contractor's warehouse or elsewhere, against any deterioration, loss or damage to the extent possible and as instructed by the Project Manager, even if supplies have been delivered to the place of acceptance in accordance with the contract but their installation has been suspended by the Project Manager.
- 23.4. Additional expenses incurred in connection with such protective measures may be added to the total contract price, unless:
- a) otherwise provided for in the contract; or
  - b) such suspension is necessary by reason of some breach or default of the Contractor; or
  - c) such suspension is necessary by reason of normal climatic conditions at the place of acceptance; or
  - d) such suspension is necessary for the safety or the proper execution of the contract or any part thereof insofar as such necessity does not arise from any act or default by the Project Manager or the CARICOM Secretariat or
  - e) the presumed substantial errors or irregularities or fraud mentioned in article 23.2 are confirmed and attributable to the Contractor.
- 23.5. The Contractor shall only be entitled to such additions to the total contract price if it notifies the Project Manager, within 30 days after receipt of the order to suspend the contract, of its intention to claim them.
- 23.6. The CARICOM Secretariat, after consulting the Contractor, shall determine such additions to the total contract price and/or extension of the period of performance to be granted to the Contractor in respect of such claim as shall, in the opinion of the CARICOM Secretariat, be fair and reasonable.
- 23.7. The CARICOM Secretariat shall, as soon as possible, order the Contractor to resume the contract suspended or inform the Contractor that it terminates the contract. If the period of suspension exceeds 180 days and the suspension is not due to the Contractor's breach or default, the Contractor may, by notice to the CARICOM Secretariat, request to proceed with the contract within 30 days, or terminate the contract.

## **MATERIALS AND WORKMANSHIP**

### **Article 24 - Quality of supplies**

- 24.1. The supplies must in all respects satisfy the technical specifications laid down in the contract and conform in all respects to the drawings, surveys, models, samples, patterns and other requirements in the contract, which shall be held at the disposal of the Contracting Authority or the Project Manager for the purposes of identification throughout the period of execution.
- 24.2. Any preliminary technical acceptance stipulated in the Special Conditions shall be the subject of a request sent by the Contractor to the Project Manager. The request shall indicate the reference to the contract, specify the materials, items and samples submitted for such acceptance according to the contract and indicate the lot number and the place where acceptance is to take place, as appropriate. The materials, items and samples specified in the request must be certified by the Project Manager as meeting the requirements for such acceptance prior to their incorporation in the supplies.
- 24.3. Even if materials or items to be incorporated in the supplies or in the manufacture of components to be supplied have been technically accepted in this way, they may still be rejected if a further examination reveals defects or faults, in which case they must immediately be replaced by the Contractor. The Contractor may be given the opportunity to repair and make good materials and items which have been rejected, but such materials and items will be accepted for incorporation in the supplies only if they have been repaired and made good to the satisfaction of the Project Manager.

### **Article 25 - Inspection and testing**

- 25.1. The Contractor shall ensure that the supplies are delivered to the place of acceptance in time to allow the Project Manager to proceed with acceptance of the supplies. The Contractor is deemed to have fully appreciated the difficulties which it might encounter in this respect, and it shall not be permitted to advance any grounds for delay in fulfilling its obligations.
- 25.2. The Project Manager shall be entitled to inspect, examine measure and test the components, materials and workmanship, and check the progress of preparation, fabrication or manufacture of anything being prepared, fabricated or manufactured for delivery under the contract, in order to establish whether the components, materials and workmanship are of the requisite quality and quantity. This shall take place at the place of manufacture, fabrication, preparation or at the place of acceptance or at such other places as may be specified in the Special Conditions.
- 25.3. For the purposes of such tests and inspections, the Contractor shall:
  - a) provide to the Project Manager, temporarily and free of charge, with such assistance, test samples or parts, machines, equipment, tools, labour, materials, drawings and production data as are normally required for inspection and testing;
  - b) agree, with the Project Manager, on the time and place for tests;
  - c) provide access to the Project Manager at all reasonable times to the place where the tests are to be carried out.

- 25.4. If the Project Manager is not present on the date agreed for tests, the Contractor may, unless otherwise instructed by the Project Manager, proceed with the tests, which shall be deemed to have been made in the Project Manager's presence. The Contractor shall immediately send duly certified copies of the test results to the Project Manager, who shall, if it has not attended the test, be bound by the test results.
- 25.5. When components and materials have passed the above-mentioned tests, the Project Manager shall notify the Contractor or endorse the Contractor's certificate to that effect.
- 25.6. If the Project Manager and the Contractor disagree on the test results, each shall give a statement of its views to the other within 15 days of such a disagreement arising. The Project Manager or the Contractor may require such tests to be repeated on the same terms and conditions or, if either Party so requests, by an expert selected by common consent. All test reports shall be submitted to the Project Manager, who shall communicate the results of these tests without delay to the Contractor. The results of retesting shall be conclusive. The cost of retesting shall be borne by the Party whose views are proved wrong by the retesting.
- 25.7. In the performance of their duties, the Project Manager and any person authorised by him shall not disclose to unauthorised persons information concerning the undertaking's methods of manufacture and operation obtained through inspection and testing.

## **PAYMENTS**

### **Article 26 - General principles**

- 26.1. Payments shall be made in US, national currency or any other currency specified in the Special Conditions. The Special Conditions shall lay down the administrative or technical conditions governing payments of pre-financing and final payments made in accordance with the General Conditions.
- 26.2. Payments due by the CARICOM Secretariat shall be made to the bank account mentioned on the financial identification form completed by the Contractor. The same form, annexed to the invoice, must be used to report changes of bank account.
- 26.3. Advance payment shall be made within 30 days from the date on which an admissible invoice is registered by the CARICOM Secretariat. The invoice shall not be admissible if one or more essential requirements are not met. Final payment shall be made within 60 days from the date on which an invoice is registered by the CARICOM Secretariat, together with the request for provisional acceptance as per article 31.2. The date of payment shall be the date on which the paying account is debited.
- 26.4. The period referred to in article 26.3 may be suspended by notifying the Contractor that the invoice cannot be fulfilled because the sum is not due, because appropriate substantiating documents have not been provided or because there is evidence that the expenditure might not be eligible. In the latter case, an inspection may be carried out on the spot for the purpose of further checks. The Contractor shall provide clarifications, modifications or further information within 30 days of being asked to do so. The payment period shall continue to run from the date on which a properly drawn-up invoice is registered.

26.5. The payments shall be made as follows:

- a) Up to 40% of the total contract price after the signing of the contract, against provision of the performance guarantee and of an advance guarantee for the full amount of the advance payment, unless otherwise provided for in the Special Conditions. The performance guarantee shall be provided to the CARICOM Secretariat following the procedure foreseen for the performance guarantee in accordance with Article 11, and in accordance with the format annexed to the contract. The advance payment guarantee must remain valid until it is released 45 days at the latest after the provisional acceptance of the goods. Where the contractor is a public body, the obligation for an advance payment guarantee may be waived depending on a risk assessment made;
- b) The balance of the total contract price, as payment of the balance, after receipt by the CARICOM Secretariat of an invoice and of the application for the certificate of provisional acceptance;

26.6. Where only part of the supplies has been delivered, the balance of the payment due following partial provisional acceptance shall be calculated on the value of the supplies which have actually been accepted and the security shall be released accordingly.

26.7. For supplies not covered by a warranty period, the payments listed above shall be aggregated. The conditions, to which the payments of advance and final payments are subject, shall be as stated in the Special Conditions.

26.8. The payment obligations of the CARICOM Secretariat under this contract shall cease at most 6 months after the end of the period of implementation of the tasks, and at the latest, by the end of the Financing Agreement, unless the contract is terminated in accordance with these General Conditions.

26.9. Unless otherwise stipulated in the Special Conditions, the contract shall be at fixed prices, which shall not be revised.

26.10. The Contractor undertakes to repay any amounts paid in excess of the final amount due to the CARICOM Secretariat before the deadline indicated in a debit note issued by the CARICOM Secretariat, which is 45 days from the issuing of that note. Should the Contractor fail to make repayment within the above deadline, the CARICOM Secretariat may increase the amounts due by adding interest:

- at a rate of 1.5 percent of the amount indicated in the debit note, payable on the first day of the month in which the time-limit expired. The default interest shall be incurred over the time which elapses between the date of the payment, and the date on which payment is actually made.

The amount to be repaid to the CARICOM Secretariat may be used to offset the value of the debit note, against amounts of any kind due to the Contractor. This shall not affect the Parties' right to agree on payment in installments. Bank charges arising from the repayment of amounts due to the CARICOM Secretariat shall be borne entirely by the Contractor.

- 26.11. If the contract is terminated for any reason whatsoever, the guarantee securing the advance payment may be invoked forthwith in order to repay the balance of the advance payment still owed by the Contractor, and the guarantor shall not delay payment or raise objection for any reason whatever.
- 26.12. Prior to, or instead of, terminating the contract as provided for in Article 36, the CARICOM Secretariat may suspend payments as a precautionary measure without prior notice.
- 26.13. Where the award procedure or the performance of the contract proves to have been subject to substantial errors, irregularities or fraud attributable to the Contractor, the CARICOM Secretariat may, in addition to the possibility of suspending the performance of the contract in accordance with Article 23.2, and terminating the contract as provided for in Article 36, refuse to make payments and/or recover amounts already paid, in proportion to the seriousness of the errors, irregularities or fraud.

## **Article 27 - Payment to third parties**

- 27.1. Orders for payments to third parties may be carried out only after an assignment made in accordance with Article 5. The assignment shall be notified to the CARICOM Secretariat.
- 27.2. Notification of beneficiaries of the assignment shall be the sole responsibility of the Contractor.
- 27.3. In the event of a legally binding attachment of the property of the Contractor affecting payments due to him under the contract, and without prejudice to the time limit laid down in Article 26, the CARICOM Secretariat shall have 30 days, starting from the day on which it receives notification of the definitive lifting of the obstacle to payment, to resume payments to the Contractor.

## **Article 28 - Delayed payments**

- 28.1. The CARICOM Secretariat shall pay the Contractor sums due in accordance with Article 26.3.
- 28.3. Any default in payment of more than 90 days from the expiry of the period laid down in Article 26.3 shall entitle the Contractor either not to perform the contract or to terminate it, with 30 days' prior notice to the CARICOM Secretariat and the Project Manager.

# **ACCEPTANCE AND MAINTENANCE**

## **Article 29 - Delivery**

- 29.1. The Contractor shall deliver the supplies in accordance with the conditions of the contract. The supplies shall be at the risk of the Contractor until their provisional acceptance.
- 29.2. The Contractor shall provide such packaging of supplies as is required to prevent their damage or deterioration in transit to their destination as indicated in the contract. The packaging shall be sufficient to withstand, without limitation, rough handling, and exposure to extreme temperatures, salt and precipitation during transit and open storage. Package size and weight shall take into consideration, where appropriate, the remoteness of the final destination of the supplies, and the possible absence of heavy handling facilities at all points in transit.

- 29.3. The packaging, marking and documentation inside and outside the packages shall comply with such requirements as shall be expressly provided for in the Special Conditions, subject to any amendments subsequently ordered by the Project Manager or the CARICOM Secretariat.
- 29.4. No supplies shall be shipped or delivered to the place of acceptance until the Contractor has received a delivery order from the Project Manager. The Contractor shall be responsible for the delivery at the place of acceptance of all supplies and supplier's equipment required for the purpose of the contract.
- 29.5. Each delivery must be accompanied by a statement drawn up by the Contractor. This statement shall be as specified in the Special Conditions.
- 29.6. Each package shall be clearly marked in accordance with the Special Conditions.
- 29.7. Delivery shall be deemed to have been made when there is written evidence available to both Parties that delivery of the supplies has taken place in accordance with the terms of the contract, and the invoice(s) and all such other documentation specified in the Special Conditions, have been submitted to the CARICOM Secretariat. Where the supplies are delivered to an establishment of the CARICOM Secretariat, the latter shall bear the responsibility of bailee, in accordance with the requirements of the law applicable to the contract, during the time which elapses between delivery for storage and acceptance.

#### **Article 30 - Verification operations**

- 30.1. The supplies shall not be accepted until the prescribed verifications and tests have been carried out at the expense of the Contractor. The verifications and tests may be conducted before shipment, at the point of delivery and/or at the final destination of the goods.

- 30.2. The Project Manager shall, during the progress of the delivery of the supplies and before the supplies are taken over, have the power to order or decide:
- a) the removal from the place of acceptance, within such time or times as may be specified in the order, of any supplies which, in the opinion of the Project Manager, are not in accordance with the contract;
  - b) their replacement with proper and suitable supplies;
  - c) the removal and proper re-installation, notwithstanding any previous test thereof or of any installation which in respect of materials, workmanship or design for which the Contractor is responsible, is not, in the opinion of the Project Manager, in accordance with the contract;
  - d) that any work done or goods supplied or materials used by the Contractor is or are not in accordance with the contract, or that the supplies or any portion thereof do not fulfill the requirements of the contract.
- 30.3. The Contractor shall, with all speed and at its own expense, make good the defects so specified. If the Contractor does not comply with such order, the CARICOM Secretariat shall be entitled to employ other persons to carry out the orders and all expenses consequent thereon or incidental thereto shall be deducted by the CARICOM Secretariat from any monies due or which may become due to the Contractor.
- 30.4. Supplies which are not of the required quality shall be rejected. A special mark may be applied to the rejected supplies. This shall not be such as to alter them or affect their commercial value. Rejected supplies shall be removed by the Contractor from the place of acceptance, if the Project Manager so requires, within a period which the Project Manager shall specify, failing which they shall be removed as of right at the expense and risk of the Contractor. Any works incorporating rejected materials shall be rejected.
- 30.5. The provisions of Article 30 shall not affect the right of the CARICOM Secretariat to claim under Article 21, nor shall it in any way release the Contractor from any warranty or other obligations under the contract.

### **Article 31 - Provisional acceptance**

- 31.1. The supplies shall be taken over by the CARICOM Secretariat when they have been delivered in accordance with the contract, have satisfactorily passed the required tests, or have been commissioned as the case may be, and a certificate of provisional acceptance has been issued or is deemed to have been issued.
- 31.2. The Contractor may apply, by notice to the Project Manager, for a certificate of provisional acceptance when supplies are ready for provisional acceptance. The Project Manager shall within 30 days of receipt of the Contractor's application either:
- issue the certificate of provisional acceptance to the Contractor with a copy to the CARICOM Secretariat stating, where appropriate, his reservations, and, inter alia, the date on which, in his opinion, the supplies were completed in accordance with the contract and ready for provisional acceptance; or
  - reject the application, giving his reasons and specifying the action which, in his opinion, is required of the Contractor for the certificate to be issued.

The Contracting Authority's time limit for issuing the certificate of provisional acceptance to the Contractor shall be considered included in the time limit for payments indicated in Article 26.3, unless otherwise specified in the Special Conditions.

- 31.3. Should exceptional circumstances make it impossible to proceed with the acceptance of the supplies during the period fixed for provisional or final acceptance, a statement certifying such impossibility shall be drawn up by the Project Manager after consultation, where possible, with the Contractor. The certificate of acceptance or rejection shall be drawn up within 30 days following the date on which such impossibility ceases to exist. The Contractor shall not invoke these circumstances in order to avoid the obligation of presenting the supplies in a state suitable for acceptance.
- 31.4. If the Project Manager fails either to issue the certificate of provisional acceptance or to reject the supplies within the period of 30 days, it shall be deemed to have issued the certificate on the last day of that period, except where the certificate of provisional acceptance is deemed to constitute a certificate of final acceptance. In this case, Article 34.2 below does not apply. If the supplies are divided by the contract into lots, the Contractor shall be entitled to apply for separate certificates for each of the lots.
- 31.5. In case of partial delivery, the CARICOM Secretariat reserves the right to give partial provisional acceptance.
- 31.6. Upon provisional acceptance of the supplies, the Contractor shall dismantle and remove temporary structures as well as materials no longer required for use in connection with the implementation of the contract. It shall also remove any litter or obstruction and redress any change in the condition of the place of acceptance as required by the contract.
- 31.7. Immediately after provisional acceptance, the CARICOM Secretariat may make use of all the supplies delivered.

## **Article 32 - Warranty obligations**

- 32.1. The Contractor shall warrant that the supplies are new, unused, of the most recent models and incorporate all recent improvements in design and materials, unless otherwise provided in the contract. The Contractor shall further warrant that all supplies shall have no defect arising from design, materials or workmanship, except insofar as the design or materials are required by the specifications, or from any act or omission, that may develop under use of the supplies in the conditions obtaining in the country of the CARICOM Secretariat.
- 32.2. The Contractor shall be responsible for making good any defect in, or damage to, any part of the supplies which may appear or occur during the warranty period and which:
  - a) results from the use of defective materials, faulty workmanship or design of the Contractor; and/or
  - b) results from any act or omission of the Contractor during the warranty period; and/or
  - c) appears in the course of an inspection made by, or on behalf of, the Contracting Authority.
- 32.3. The Contractor shall at its own cost make good the defect or damage as soon as practicable. The warranty period for all items replaced or repaired shall recommence from the date when the replacement or repair was made to the satisfaction of the Project Manager. If the contract provides for partial acceptance, the warranty period shall be extended only for the part of the supplies affected by the replacement or repair.
- 32.4. If any such defect appears or such damage occurs during the warranty period, the Contracting Authority or the Project Manager shall notify the Contractor. If the

Contractor fails to remedy a defect or damage within the time limit stipulated in the notification, the CARICOM Secretariat may:

- a) remedy the defect or the damage itself, or employ someone else to carry out the tasks at the Contractor's risk and cost, in which case the costs incurred by the CARICOM Secretariat shall be deducted from monies due to or from guarantees held against the Contractor or from both; or
  - b) terminate the contract.
- 32.5. In case of emergency, where the Contractor cannot be reached immediately or, having been reached, is unable to take the measures required, the CARICOM Secretariat or the Project Manager may have the tasks carried out at the expense of the Contractor. The CARICOM Secretariat or the Project Manager shall as soon as practicable inform the Contractor of the action taken.
- 32.6. The warranty obligations shall be stipulated in the Special Conditions and technical specifications.
- 32.7. Save where otherwise provided in the Special Conditions, the duration of the warranty period shall be 365 days. The warranty period shall commence on the date of provisional acceptance and may recommence in accordance with Article 32.3.

### **Article 33 - After-sales service**

- 33.1. An after-sales service, if required by the contract, shall be provided in accordance with the details stipulated in the Special Conditions. The Contractor shall undertake to carry out or have carried out the maintenance and repair of supplies and to provide a rapid supply of spare parts. The Special Conditions may specify that the Contractor must provide any or all of the following materials, notifications and documents pertaining to spare parts manufactured or distributed by the Contractor:
- a) such spare parts as the CARICOM Secretariat may choose to purchase from the Contractor, it being understood that this choice shall not release the Contractor from any warranty obligations under the contract;
  - b) in the event of termination of production of the spare parts, advance notification to the CARICOM Secretariat to allow it to procure the parts required and, following such termination, provision at no cost to the CARICOM Secretariat of the blueprints, drawings and specifications of the spare parts, if and when requested.

### **Article 34 - Final acceptance**

- 34.1. Upon expiry of the warranty period, or where there is more than one such period, upon expiry of the latest period, and when all defects or damage have been rectified, the Project Manager shall issue the Contractor a final acceptance certificate and a copy thereof to the CARICOM Secretariat, stating the date on which the Contractor completed its obligations under the contract to the Project Manager's satisfaction. The final acceptance certificate shall be issued by the Project Manager within 30 days after the expiration of the warranty period or as soon as any repairs ordered under Article 32 have been completed to the satisfaction of the Project Manager.
- 34.2. The contract shall not be considered to have been performed in full until the final acceptance certificate has been signed or is deemed to have been signed by the Project Manager.

- 34.3. Notwithstanding the issue of the final acceptance certificate, the Contractor and the CARICOM Secretariat shall remain liable for the fulfillment of any obligation incurred under the contract prior to the issue of the final acceptance certificate which remains unperformed at the time that final acceptance certificate is issued. The nature and extent of any such obligation shall be determined by reference to the provisions of the contract.

## **BREACH OF CONTRACT AND TERMINATION**

### **Article 35 - Breach of contract**

- 35.1. Either party commits a breach of contract where it fails to perform its obligations in accordance with the provisions of the contract.

- 37.3. In the event of such termination, the CARICOM Secretariat shall pay the Contractor for any loss or damage the Contractor may have suffered.

#### **Article 38 - Force majeure**

- 38.1. Neither party shall be considered to be in default or in breach of its obligations under the contract if the performance of such obligations is prevented by any circumstances of *force majeure* which arises after the date of notification of award or the date when the contract becomes effective
- 38.2. The term *force majeure*, as used herein covers any unforeseeable events, not within the control of either party and which by the exercise of due diligence neither party is able to overcome such as acts of God, strikes, lock-outs or other industrial disturbances, acts of the public enemy, wars whether declared or not, blockades, insurrection, riots, epidemics, landslides, earthquakes, storms, lightning, floods, washouts, civil disturbances, or

explosions. Where funding is provided by an IDP, and cooperation is suspended with the CARICOM Secretariat, this is considered force, where it consists of suspension of funding to this contract.

- 38.3. Notwithstanding the provisions of Articles 21 and 36, the Contractor shall not be liable to forfeiture of its performance guarantee, liquidated damages or termination for default if, and to the extent that, its delay in performance or other failure to perform its obligations under the contract is the result of an event of *force majeure*. The CARICOM Secretariat shall similarly not be liable, notwithstanding the provisions of Articles 37, for non-performance or for termination by the Contractor for default if, and to the extent that, the CARICOM Secretariat's delay or other failure to perform its obligations is the result of *force majeure*.
- 38.4. If either party considers that any circumstances of *force majeure* have occurred which may affect performance of its obligations, it shall promptly notify the other party and the Project Manager, giving details of the nature, the probable duration and the likely effect of the circumstances. Unless otherwise directed by the Project Manager in writing, the Contractor shall continue to perform its obligations under the contract as far as is reasonably practicable, and shall seek all reasonable alternative means for performance of its obligations which are not prevented by the *force majeure* event. The Contractor shall not put into effect alternative means unless directed so to do by the Project Manager.
- 38.5. If the Contractor incurs additional costs in complying with the Project Manager's directions or using alternative means under Article 38.4, the amount thereof shall be certified by the Project Manager.
- 38.6. If circumstances of *force majeure* have occurred and continue for a period of 180 days then, notwithstanding any extension of time for completion of the contract that the Contractor may by reason thereof have been granted, either Party shall be entitled to serve upon the other with 30 days' notice to terminate the contract. If, at the expiry of the period of 30 days, the situation of *force majeure* persists, the contract shall be terminated and, in consequence thereof under the law governing the contract, the parties shall be released from further performance of the contract.

## **Article 39 - Decease**

- 39.1. Where the Contractor is a natural person, the contract shall be automatically terminated if that person dies. However, the CARICOM Secretariat shall examine any proposal made by the heirs or beneficiaries if they have notified their wish to continue the contract.
- 39.2. Where the Contractor consists of a number of natural persons and one or more of them die, a report shall be agreed between the parties on the progress of the contract, and the CARICOM Secretariat shall decide whether to terminate or continue the contract in accordance with the undertaking given by the survivors and by the heirs or beneficiaries, as the case may be.
- 39.3. In the cases provided for in Articles 39.1 and 39.2, persons offering to continue to perform the contract shall notify the CARICOM Secretariat thereof within 15 days of the date of decease. The decision of the CARICOM Secretariat shall be notified to those concerned within 30 days of receipt of such proposal.
- 39.4. Such persons shall be jointly and severally liable for the proper performance of the contract to the same extent as the deceased Contractor. Continuation of the contract shall be subject to the rules relating to establishment of any guarantee provided for in the contract.

- 40.2. Once a dispute has arisen, a party shall notify the other party of the dispute, stating its position on the dispute and any solution which it envisages, and requesting an amicable settlement. The other party shall respond to this request for amicable settlement within 30 days, stating its position on the dispute. Unless the parties agree otherwise, the maximum time period laid down for reaching an amicable settlement shall be 120 days from the date of the notification requesting such a procedure. Should a party not agree to the other party's request for amicable settlement, should a party not respond in time to that request or should no amicable settlement be reached within the maximum time period, the amicable settlement procedure is considered to have failed.
- 40.3. In the absence of an amicable settlement, a party may notify the other party requesting a settlement through conciliation by a third person. The other party shall respond to the request for conciliation within 30 days. Unless the parties agree otherwise, the maximum time period laid down for reaching a settlement through conciliation shall be 120 days from the notification requesting such a procedure. Should a party not agree to the other party's request for conciliation, should a party not respond in time to that request or should no settlement be reached within the maximum time period, the conciliation procedure is considered to have failed.
- 40.4. If the amicable settlement procedure and, if so requested, the conciliation procedure fails, each party may refer the dispute to arbitration, as specified in the Special Conditions.
